Bio Mech®

A capture partner
offering for
biomechanists

**Rapid
Processing**

**Detailed
Reporting**

**Cutting Edge
Clinical Insight**

**Commercialise
Your RTS Testing**

Pitch Ready® 2026

The Problem

Biomechanists capture quality data but can't scale easily or issue RTS clearance within their scope of practice.

BioMech® bridges the gap - fast processing, automated reporting and clinical interpretation that backs every RTS decision.

The BioMech® Model

1.

Capture data
Pitch Ready protocols

2.

Upload raw data
via Pitch Ready portal

3.

Processing & automated report
Benchmarked vs +360 metrics

4.

Clinical interpretation
Delivered to your client

5.

Recommendations
Validated outcomes

6.

Commercialise
with teams & athletes
